3. 翻译

① He searched it with no success but was attracted by the site’s “personal search agent”.

② With thousands of career-related sites on the Internet, finding promising openings can be time-consuming and inefficient.

③ Search agents reduce the need for repeated visits to the database.

④ For any job search, you should start with a narrow concept - what you think you want to do - then broaden it.

⑤ Instead, the best strategy is to use the agent as a kind of tip service to keep abreast of jobs in a particular database.

⑥ Even those who aren't hunting for jobs may find search agents worthwhile.

⑦ Working with a personal search agent means having another set of eyes.
